SECTION A

DEAR APPLICANT LETTER

July 8, 2010

Dear Applicant:

The Secretary invites applications for a new award in fiscal year (FY) 2010 under the Disability Rehabilitation Research Projects, for an International Exchange of Knowledge and Experts on Disability and Rehabilitation Research (CFDA Number - 84.133A-6). NIDRR is seeking applications that address all elements of the priority, and that propose appropriate, high-quality research methodologies. It is critical that proposals describe expected public benefits, especially benefits for individuals with disabilities, and propose projects that are designed to demonstrate outcomes that are consistent with the proposed goals.

The purpose of the DRRP program is to plan and conduct research, demonstration projects, training, and related activities to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended.

Due to the open nature of the competition, and to assist with the selection of reviewers for this competition, NIDRR is requesting all potential applicants to voluntarily submit a Letter of Intent (LOI). The submission is not mandatory and the content of the LOI will not be peer reviewed or otherwise used to rate an applicant's application. Instructions for submittal are in Section K.

APPLICATION PROCEDURES

This application package contains information and the required forms for potential applicants to apply and be considered for a FY 2010 grant award under this competition, including the published Federal Register notice dated July 8, 2010. The background statement from the Notice of Proposed Priorities is in Section D.

The closing date (application deadline) is **August 23, 2010**.

Potential applicants are advised to read the materials in this application package carefully. Please pay particular attention to the information on the types of organizations that are eligible to apply for these grants, how to prepare an application, the dollar amount for any year, the protection of human subjects, and the selection criteria. Applications must be responsive to the absolute priority in Section C and the statutory, regulatory, and general requirements for the DRRP program in Section E. The application narrative should be written in the order of the selection criteria in Section F. The selection criteria will be used by the reviewers to evaluate the application.

Include a one page abstract. The abstract is a critical component of the proposal, and it should describe the purpose, target population to be served during the project period, planned goals and objectives, proposed methodological approach, and anticipated project outcomes.

The start date for new awards for the (FY) 2010 programs will be no later than October 1, 2010.

AWARD AMOUNTS, REQUIRED COST SHARE AND INDIRECT COST RATE

We will reject any application that proposes a budget exceeding the revised amount of \$400,000 for a single budget period of 12 months for the International Exchange of Knowledge and Experts on Disability and Rehabilitation Research(CFDA Number - 84.133A-6). The minimum cost sharing of up to 1% is required and can be negotiated at the time of the grant award if not included in the application. Cost-match/share can be a reduced indirect cost rate, donated FTE, donated space, and/or donated equipment. The indirect cost rate is your institution's federally negotiated rate.

APPLICATION SUBMISSION PROCEDURES

You **must** submit your application electronically through the e-Application system. <http://e-grants.ed.gov> See Section B, Notice Inviting Applications and Section J, Application Transmittal Instructions. There is a demo on the e-Application website.

NOTE: You will be uploading sections of your application by heading. There is a heading for: (1) abstract; (2) table of contents; (3) project narrative; (4) other – resumes; (5) other – letters of commitment/support; (6) other and (7) budget narrative/justification. There is a file-size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

Electronic copies must be fully uploaded on the e-Application site by 4:30:00 pm, Washington DC time on the revised closing date, **August 23, 2010**. This process may take several hours. Therefore, please allow several hours or a full day to submit your application. If there is a submission error, additional time will be needed to correct the error and resubmit in paper or electronic format. **We encourage you to read Section J – e-Application Submission Procedures and Tips for Applicants**

Purpose of Program: The purpose of the DRRP program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the

most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, training, demonstration, development, dissemination, utilization, and technical assistance.

An applicant for assistance under this program must demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b).

Additional information on the DRRP program can be found at: www.ed.gov/rschstat/research/pubs/res-program.html#DRRP.

Priorities: NIDRR has established two absolute priorities for this competition.

Absolute Priorities: The General DRRP Requirements priority, which applies to all DRRP competitions, is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the Federal Register on April 28, 2006 (71 FR 25472). These priorities are:

General Disability Rehabilitation Research Projects (DRRP) Requirements and International Exchange of Knowledge and Experts in Disability and Rehabilitation Research.

Note: The full text of each of these priorities is included in its notice of final priorities in the Federal Register and in the application package for this competition.

Program Authority: 29 U.S.C. 762(g) and 764(b)(6).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 84, 85, 86, and 97. We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

7. Other Submission Requirements:

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Disability Rehabilitation Research Project (DRRP)--CFDA Number 84.133A-6 must be submitted electronically using e-Application, accessible through the Department's e-Grants Web site at: <http://e-grants.ed.gov>.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. E-Application will not accept an application for this competition after 4:30:00 p.m., Washington, DC time, on the application deadline date. Therefore, we

Any modifications to these hours are posted on the e-Grants Web site.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications. - After you electronically submit your application, you will receive an automatic acknowledgment that will include a PR/Award number (an identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the SF 424 to the Application Control Center after following these steps:

- (1) Print SF 424 from e-Application.

- (2) The applicant's Authorizing Representative must sign this form.

Application Deadline Date Extension in Case of e-Application

Unavailability: If you are prevented from electronically

submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if--

(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2) (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under For Further Information Contact (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If e-Application is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an e-mail will be sent to all registered users who have initiated an e-Application. Extensions referred

to in this section apply only to the unavailability of e-Application.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through e-Application because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to e-Application;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Selection Criteria: The selection criteria for this competition are from 34 CFR 350.54 and are listed in the application package.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

Note: NIDRR will provide information by letter to grantees on how and when to submit the final performance report.

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through a review of grantee performance and products. Each year, NIDRR examines a portion of its grantees to determine:

- The number of accomplishments (e.g., new or improved tools, methods, discoveries, standards, interventions, programs, or devices) developed or tested with NIDRR funding that have been judged by expert panels to be of high quality and to advance the field.

- The average number of publications per award based on NIDRR-funded research and development activities in refereed journals.

- The percentage of new NIDRR grants that assess the effectiveness of interventions, programs, and devices using rigorous methods.

Each grantee must annually report on its performance through NIDRR's Annual Performance Report (APR) form. NIDRR uses APR information submitted by grantees to assess progress on these measures.

AGENCY: Office of Special Education and Rehabilitative Services,
Department of Education.

ACTION: Notice of final priority.

SUMMARY: The Assistant Secretary for Special Education and
Rehabilitative Services announces a priority for the Disability
and Rehabilitation Research Projects and Centers Program
administered by NIDRR. Specifically, this notice announces a
priority for a DRRP entitled International Exchange of Knowledge
and Experts in Disability and Rehabilitation Research. The
Assistant Secretary may use this priority for a competition in
fiscal year (FY) 2010 and later years. We take this action to
focus research attention on areas of national need. We intend
this priority to improve rehabilitation services and outcomes
for individuals with disabilities.

EFFECTIVE DATE: This priority is effective August 9, 2010.

SUPPLEMENTARY INFORMATION:

This notice of final priority is in concert with NIDRR's Final
Long-Range Plan for FY 2005-2009 (Plan). The Plan, which was
published in the Federal Register on February 15, 2006 (71 FR
8165), can be accessed on the Internet at the following site:
www.ed.gov/about/offices/list/oters/nidrr/policy.html.

Through the implementation of the Plan, NIDRR seeks to: (1)
improve the quality and utility of disability and rehabilitation
research; (2) foster an exchange of expertise, information, and
training to facilitate the advancement of knowledge and
understanding of the unique needs of traditionally underserved
populations; (3) determine best strategies and programs to
improve rehabilitation outcomes for underserved populations; (4)
identify research gaps; (5) identify mechanisms of integrating
research and practice; and (6) disseminate findings.

Purpose of Program: The purpose of the Disability and
Rehabilitation Research Projects and Centers Program is to plan

and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology, that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

Program Authority: 29 U.S.C. 762(g) and 764(b)(6).

Applicable Program Regulations: 34 CFR part 350.

We published a notice of proposed priority (NPP) for NIDRR's Disability and Rehabilitation Research Projects and Centers Program in the Federal Register on May 14, 2010 (75 FR 27324). The NPP included a background statement that described our rationale for the priority proposed in that notice.

There is one significant difference between the NPP and this notice of final priority (NFP) as discussed in the following section.

Public Comment:

In response to our invitation in the NPP, three parties submitted comments on the proposed priority. An analysis of the comments and of any changes in the priority since publication of the NPP follows.

Generally, we do not address technical and other minor changes or suggested changes the law does not authorize us to make under the applicable statutory authority. In addition, we do not address general comments that raised concerns not directly related to the proposed priority. Analysis of Comments and Changes:

Comment: One commenter suggested that NIDRR consider how the activities to be carried out under this priority will be sustained over time.

Discussion: NIDRR agrees that the sustainability of activities carried out under this priority is an important goal. Paragraph (b) of the priority requires that the Center identify or develop, and then evaluate and implement, sustainable methods for carrying out the overall mission of this center; namely, domestic dissemination of research findings produced by disability and rehabilitation personnel from other countries. NIDRR does not wish to specify the methods an applicant must use in order to ensure that dissemination activities are sustainable. We believe the choice of methods to sustain the dissemination of research findings is best left to the applicant.

Changes: None.

Comment: One commenter expressed appreciation for the Center for International Rehabilitation Research Exchange (CIRRIE) database

described in paragraph (a) of the priority. However, this commenter noted that, as more research is exchanged globally, it may be difficult to determine if a study from another country is applicable to one's own country. This commenter suggested that the Center produce "country profiles" to help those who are trying to interpret studies but lack knowledge of the health care practices and culture in which the study was produced.

Discussion: Applicants are free to propose the development of "country profiles" to support the success of required activities under this priority. However, NIDRR does not have a sufficient basis for requiring all applicants to include this approach.

Changes: None.

Comment: One commenter suggested that the requirement to propose and justify one substantive area of focus for activities under paragraph (b) of the priority is too restrictive for a number of reasons. This commenter noted that the restriction to one substantive area under paragraph (b) contradicts the broader requirements of the opening paragraph of the priority, which states that the Center must promote the following outcomes for individuals with disabilities: improved education, employment, health, and community living. In addition, this commenter noted that there is no basis in NIDRR's Long-Range Plan for limiting this priority's focus to one substantive area. This commenter also stated that substantive outcome areas are intertwined in

the rehabilitation research and development literature and in the lives of individuals with disabilities. Therefore, this commenter recommended that the restrictive language requiring applicants to specialize in a specific substantive area be removed and that applicants be allowed to propose approaches that would be as specific or comprehensive as they deem appropriate.

Discussion: NIDRR agrees that substantive outcome areas such as education, employment, health, and community living are intertwined in the disability and rehabilitation research literature and in the lives of individuals with disabilities. NIDRR proposed the requirement that applicants specify one subject area recognizing that the Center might not have sufficient resources to support research in many different areas. After further review, however, we are removing this requirement because we believe it is too prescriptive and that it would be best to allow applicants to specify how they will define the body of research to be studied. We are therefore, revising the priority to provide that each applicant must describe and justify the inclusion and exclusion criteria it will use to define a body of research literature that can be evaluated and disseminated within the resource constraints of this Center.

Changes: NIDRR has revised paragraph (b) of the priority to state that applicants must describe the criteria and methods that they will use to define the body of research literature that they will evaluate and disseminate to U.S. stakeholders.

Comment: One commenter suggested that the requirement in paragraph (b) of the priority to propose and justify the countries or global regions to be targeted is overly restrictive. This commenter noted that disseminating knowledge from only a subset of countries or regions would deprive the disability and rehabilitation community in the U.S. of knowledge from many other sources outside the chosen geographic focus.

Discussion: Nothing in this priority precludes applicants from proposing to target all countries or global regions as sources of disability and rehabilitation research and development. The peer review process will evaluate the merits of each proposal.

Changes: None.

FINAL PRIORITY:

The Assistant Secretary for Special Education and Rehabilitative Services announces a priority for a Disability and Rehabilitation Research Project (DRRP) to serve as a Center for International Exchange of Knowledge and Experts in Disability and Rehabilitation Research (Center). This Center must promote improved education, employment, health, and community living outcomes for individuals with disabilities by

developing and implementing methods for the international exchange of knowledge generated by disability and rehabilitation research and development (R&D). Under this priority, the Center must contribute to the following outcomes:

(a) A well-maintained, publicly accessible, and searchable database containing citations of publications from disability and rehabilitation R&D that was conducted in other countries. The Center must contribute to this outcome by assuming the operation of an existing database presently operated by the Center for International Rehabilitation Research Exchange (CIRRIE). The Center must establish sound strategies and approaches to ensure that the database is comprehensive, easy to use, and up-to-date at all times.

(b) Improved methods for the identification and domestic dissemination of findings from R&D generated by disability and rehabilitation R&D personnel in other countries. The Center must contribute to this outcome by developing or identifying, evaluating, and applying methods for the identification of research findings to be disseminated in the U.S. The application of these methods must lead to information on the methodological rigor with which the R&D was conducted, as well as the relevance of findings to U.S. stakeholders (e.g., researchers, rehabilitation service providers, educators, clinicians, and individuals with disabilities and their families). The Center

also must identify or develop, and then evaluate and implement, sustainable methods for domestic dissemination of relevant findings produced by disability and rehabilitation R&D personnel from other countries. Given the breadth of disability and rehabilitation R&D conducted in countries outside of the U.S. and the limited resources of this Center, applicants must propose and justify the criteria or methods they will use to define the body of research that they will evaluate. Applicants must also propose and justify the countries or global regions they will target as the sources of disability and rehabilitation R&D.

(c) Improved cross-cultural and cross-national awareness and expertise among personnel from NIDRR-funded grants. The Center must contribute to this outcome by administering an international exchange of R&D personnel from NIDRR-funded projects and disability and rehabilitation R&D personnel from other countries. The Center must establish criteria for reviewing and selecting personnel to participate in the exchange. These criteria must emphasize the extent to which proposed exchanges will promote cross-cultural and cross-national awareness and expertise among NIDRR grantees and contribute to the quality and relevance of disability and rehabilitation research conducted in the U.S.

Types of Priorities:

When inviting applications for a competition using one or more priorities, we designate the type of each priority as absolute, competitive preference, or invitational through a notice in the Federal Register. The effect of each type of priority follows:

Absolute priority: Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

Competitive preference priority: Under a competitive preference priority, we give competitive preference to an application by (1) awarding additional points, depending on the extent to which the application meets the priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c)(2)(ii)).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the priority. However, we do not give an application that meets the priority a preference over other applications (34 CFR 75.105(c)(1)).

Note: This notice does not solicit applications. In any year in which we choose to use this priority, we invite applications through a notice in the Federal Register.

Executive Order 12866: This notice has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with this final regulatory action are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits--both quantitative and qualitative--of this final regulatory action, we have determined that the benefits of the final priority justify the costs.

Discussion of costs and benefits:

The benefits of the Disability and Rehabilitation Research Projects and Centers Programs have been well established over the years in that similar projects have been completed successfully. This priority will generate new knowledge through research and development. Another benefit of this priority is that the establishment of a new DRRP will improve the lives of individuals with disabilities. The new DRRP will generate, disseminate, and promote the use of new information that will improve the options for individuals with disabilities to perform regular activities in the community.

SECTION D

BACKGROUND STATEMENT

**From the notice of proposed priorities (NPP) for NIDRR's Disability and
Rehabilitation Research Projects and Centers Program in the
Federal Register on May 14, 2010
(75 FR 11618).**

**International Exchange of Knowledge and Experts in
Disability and Rehabilitation Research.**

Background:

The Rehabilitation Act provides that NIDRR may award grants to conduct a program for international rehabilitation research, demonstration, and training (29 U.S.C. 764(b)(6)). The purposes of NIDRR's international disability and rehabilitation research program are to--

1. Develop new knowledge and methods in the rehabilitation of individuals with disabilities in the United States;
2. Cooperate with and assist in developing and sharing information found useful in other nations in the rehabilitation of individuals with disabilities; and
3. Initiate a program to exchange experts and technical assistance in the field of rehabilitation of individuals with disabilities with other nations as a means of increasing the levels of skill of rehabilitation personnel.

The international program is a component of NIDRR's overall knowledge translation (KT) effort. NIDRR adopted the conceptual framework of KT to help guide its efforts to promote the effective use of high-quality findings from disability and

rehabilitation research and development (R&D). In this regard, KT refers to a multidimensional, active process of ensuring that new knowledge and products gained via R&D will be used to improve the lives of individuals with disabilities and to promote their full participation in society. KT includes the assessment of research findings to ensure that information to be disseminated is based on scientifically rigorous research and is relevant to key stakeholders (e.g., rehabilitation service providers, educators, clinicians, and individuals with disabilities and their families). We have incorporated these core elements into this proposed priority.

For more than two decades, NIDRR has promoted the sharing of information and products generated by disability and rehabilitation R&D in the United States (U.S.) and other countries. For example, NIDRR has sponsored the development of the Database of International Rehabilitation Research at the Center for International Rehabilitation Research Information and Exchange (CIRRIE, 2009). This database includes almost 90,000 citations from international rehabilitation research projects conducted outside of the U.S. (CIRRIE, 2009). It has been used as a source of data for systematic reviews on diverse disability and rehabilitation topics, such as virtual reality training applications (Erren-Wolters, van Dijk, de Kort, Ijzerman, & Jannink, 2007) and best practices for treating individuals with

hip fracture (Beaupre, Jones, Saunders, Johnston, Buckingham, & Majumdar, 2005).

NIDRR funding of international R&D activities also has led to new methods for providing access to prosthetics (Wu, Casanova, & Smith, 2004) and wheelchairs (Armstrong, Reisinger, & Smith, 2007) for individuals with disabilities in developing countries. Additionally, NIDRR has sponsored the exchange of researchers between the U.S. and other countries to share international perspectives on the experience of individuals with disabilities and on the research approaches for creating knowledge to promote the independence and well being of individuals with disabilities (see CIRRIE, 2009).

The knowledge base generated by disability and rehabilitation researchers is growing in the U.S. and in other countries. New and improved methods for the efficient international exchange of this information and expertise will help shape future disability and rehabilitation R&D and will facilitate research-based rehabilitation practice in the U.S. and in other countries.

SECTION E

GENERAL REQUIREMENTS OF DRRPs

GENERAL DISABILITY AND REHABILITATION RESEARCH PROJECTS (DRRP) REQUIREMENTS

BACKGROUND:

NIDRR proposes the following General DRRP Requirements priority because it believes that the effectiveness of any DRRP (including any DBTAC) depends on, among other things, how well the DRRP coordinates its research efforts with the research of other NIDRR-funded projects, involves individuals with disabilities in its activities, and identifies specific anticipated outcomes that are linked to its objectives in applying for DRRP funding. Accordingly, NIDRR intends to use the General DRRP Requirements in conjunction with all of the other DRRP priorities NIDRR proposes.

PRIORITY:

To meet this priority, the Disability and Rehabilitation Research Projects (DRRP) must—

- (a) Coordinate on research projects of mutual interest with relevant NIDRR-funded projects, as identified through consultation with the NIDRR project officer;
- (b) Involve individuals with disabilities in planning and implementing the DRRP's research, training, and dissemination activities, and in evaluating its work; and
- (c) Identify anticipated outcomes (i.e., advances in knowledge or changes and improvements in policy, practice, behavior, and system capacity) that are linked to the applicant's stated grant objectives.

SECTION G

PROTECTION OF HUMAN SUBJECTS

PROTECTION OF HUMAN SUBJECTS

Research activities involving human subjects supported by awards under these programs are subject to Department of Education Regulations for the Protection of Human Subjects. You do **not** need an assurance or IRB approval as a condition of applying for this competition.

If you are applying on e-Application there is a separate place to include exempt and non-exempt narratives in the ED Supplemental form.

If you marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, you must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct. In addition, narratives are required for each participating partner if research is being conducted at other sites.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the seven points. Although no specific page limitation applies to this section of the application, be succinct.

Copies of the Department of Education regulations for the Protection of Human Subjects as well as other documents are available on the website below. For more information call (202) 260-3353 or go on-line the Protection of Human Subjects in research Web Site:

Total Direct Costs (line 9): The sum of lines 1-8.

Indirect Costs (line 10): There is no restricted indirect cost rate for this program.
Use your institution's Federally negotiated rate.

Training Stipends (line 11): There are three types of projects that might include budget requests for stipends, tuition allowance, or other types of similar charges to support the objectives of the project:

- ☐ Fellowship or Scholarship Programs

- Use the Budget Narrative/Justification heading to upload your document.

6. Project Narrative

- The application narrative responds to the Statutory, Regulatory and General RRTC Requirements found in Section E and Selection Criteria found in Section F of this application package. The reviewers will use this section to evaluate your application.
- Applying through e-Application use the Project Narrative selection criteria categories to attach your narrative.

Each applicant is encouraged to limit the project narrative to the equivalent of no more than 75 pages, using the following standards:

- A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Begin numbering the first page in Arabic numerals (“1”) and number the pages consecutively throughout the document.
- Include all critical information in the program narrative, minimizing the need for additional appendices.
- Include a complete bibliography listing all materials that were referenced in the project narrative.
- Upload in one document under the Project Narrative heading using the correct document format.

NOTE: The page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the project narrative section.

7. Vitae/Bibliography/Letters of Support

9 Reporting Requirements

At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary under 34. CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.72 (c). For specific requirements on reporting please go to

http://www.ed.gov/fund/grant/apply/appforms/ed524b_instructions.pdf

NIDRR will provide the reporting information to the successful applicants.

SECTION I

FREQUENTLY ASKED QUESTIONS

**POINTS TO REMEMBER
IN APPLICATION PREPARATION**

DUNS NUMBER INSTRUCTIONS

FREQUENTLY ASKED QUESTIONS

1. CAN I GET AN EXTENSION OF THE DUE DATE?

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the Federal Register, this extension applies to all applications for a given competition. There are no extensions or exceptions to the due date made for individual applicants. Additionally, there are provisions for extension for e-Application, per the guidance included in the application package.

2. WHAT SHOULD BE INCLUDED IN THE APPLICATION?

The application should include a project narrative, vitae of key personnel, and a budget, as well as all other forms identified in this package. Vitae of staff or consultants should include the individual's title and role in the proposed projects, and other information that is specifically pertinent to this proposed project. The budgets for all years, including a detailed budget narrative, should be included. The 133F (Research Fellowship) is the exemption to the required budget. If collaboration with another organization or individual is involved in any proposed activity, the application should include assurances of participation by the other parties, including written agreements or letters of cooperation. It is not useful to include general letters of support or endorsement in the application. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application. Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

3. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?

NIDRR generally advises applicants to organize the application to follow the selection criteria that will be used. The project narrative should address the specific selection criteria for the competition. The specific review criteria vary according to the specific programs and are contained in this application package. Additionally, applicants should provide clearly stated hypotheses, goals, objectives, expected outcomes, and public benefit of the research or development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the

proposal. Specific information on the format can be found in the application format section of this application package.

4. ARE THERE PAGE LIMITS TO MY APPLICATION?

NIDRR has two competitions with mandatory page limitations, Research Fellowships (133F) and Small Business Innovative Research (133S). All other competitions will suggest page limitations for the narrative sections of the proposal. The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. The Notice Inviting Applications will describe the mandatory or suggested limitations, such as page size, spacing, and font size. The suggested page limit does not apply to the cover sheet; the human subjects narrative; the budget narrative; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all pertinent information in the application narrative.

5. MAY I SUBMIT APPLICATIONS TO MORE THAN ONE OPEN NIDRR PROGRAM COMPETITION AT A TIME OR MORE THAN ONE APPLICATION TO A PARTICULAR PROGRAM COMPETITION?

Yes. You may submit more than one application in any given competition. You may submit to as many open competitions, for which an application is responsive to the program requirements. However, each competition is unique and the selection criteria will vary from one competition to another. It is important that each separate application include the required materials for that particular competition.

6. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?

Yes. The abstract is used by both the peer reviewers and the program staff in the review and processing of the application. The ONE-PAGE abstract should be a comprehensive description of the project (all years), not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. If applying through e-Application use the abstract section.

7. WHAT IS THE ALLOWABLE INDIRECT COST RATE?

The limits on indirect costs vary according to the program. NIDRR currently has two programs with a restricted indirect cost rate. An applicant for a Rehabilitation Research and Training Center (133B) program may not collect more than 15% of the total grant award as indirect cost charges. An applicant for Advanced Rehabilitation Research Training project (133P) is limited to a training grant indirect rate of 8%, less tuition, stipend, and fees. The 133F, Research Fellowships does not submit a budget or use an indirect cost rate for submission. For all other programs, Disability Rehabilitation Research Projects (133A), Rehabilitation Engineering Research Centers (133E), Field Initiated projects (133G), and the

Spinal Cord Injury Model Systems (133N), applicants must either have a current indirect cost rate agreement to charge indirect costs or if an applicant does not have a federally negotiated rate they can charge up to 10% of direct salaries and benefits as indirect costs until a negotiated indirect cost rate is approved. A new applicant using the 10% must submit their proposed rate to the Department's Indirect Cost office within 90 days. The maximum amount of the award includes both direct and indirect costs. The Department's Indirect Cost office has more information on indirect cost rates, see <http://www2.ed.gov/about/offices/list/ocfo/fipao/abouticg.html>

8. CAN PROFIT MAKING BUSINESSES APPLY FOR GRANTS?

Yes; however, for-profit organizations will not be able to collect a fee or profit on the grant. It varies by program.

9. CAN INDIVIDUALS APPLY FOR GRANTS?

Individuals are not eligible to apply for most grant competitions under NIDRR programs (133A, B, E, G, P, or N). The one exception is the Research Fellowship program (84.133F), which is available only to individuals. The Merit Fellowships and Distinguished Fellowships awards are one Full Time Equivalent (FTE) awards. The Fellow must work principally on the fellowship during the term of the fellowship award. We define one FTE as equal to 40 hours per week. No Fellow is allowed to be a direct recipient of Federal government grant funds in addition to those provided by the Switzer Fellowship (during the duration of the Fellowship award performance period). Fellows may, subject to compliance with their institution's policy on additional employment, work on a Federal grant that has been awarded to the Fellow's institution. Fellows may, subject to compliance with their institution's policy on additional employment, work additional hours at their institution. Additional work that is not monitored by the Fellow's institution is subject to NIDRR's limits regarding the number of additional hours permitted. Please contact NIDRR if the latter situation applies.

10. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?

No. NIDRR staff can only advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you of whether your subject area or proposed approach is likely to receive approval.

11. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?

Applicants should be sure that their applications are referred to the correct competition by clearly including the competition title and CFDA number, including alphabetical

code, on the Standard Form 424, and include a project title that describes the project, based on the competition. If reapplying for the Field Initiated (133G), you should identify if the application is a resubmittal from a previous fiscal year.

12. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within six to seven months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification. This information is **not** posted on the NIDRR homepage or e-Application website.

13. WHAT START DATE SHOULD I USE ON MY APPLICATION?

For the purpose of estimating a project start date, the applicant should estimate approximately six to seven months from the closing date, preferably October 1. You must have a start date that allows you to complete an Annual Performance Report (APR) by May 31st with six month of activities to report on.

14. IF MY APPLICATION IS SUCCESSFUL, CAN I ASSUME I WILL GET THE REQUESTED BUDGET AMOUNT IN SUBSEQUENT YEARS?

No. Funding in subsequent years is subject to availability of funds and project performance.

15. WILL ALL APPROVED APPLICATIONS BE FUNDED?

No. Peer review panels can result in more applications being determined to be worthy of consideration for funding than available resources allow. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #12.

16. HOW DO THE REPORTING REQUIREMENTS IN SUBSEQUENT YEARS IMPACT ON MY APPLICATION?

Successful applicants with multi-year grants must submit an Annual Performance Report (APR) demonstrating and documenting their progress in meeting approved project objectives and their success in addressing the performance measures outlined in the Notice Inviting Applications. Grantees must also provide the most current financial and performance measure data for each year of the project. Grantees will also be required to submit a final performance report, 90 days after

the end of the project period. For NIDRR, the APR is submitted electronically via a web-based system. This system is maintained by a contractor and grantees are notified after receiving an award with the appropriate URL and personal password to access the system. The contractor will also send a letter to the grantee informing them when and how to submit their APR. The Department will use the applicant's performance data for program management and administration, in such areas as determining new and continuation funding and planning technical assistance. Grantees are required to participate fully in any evaluation of the NIDRR program carried out by the Department of Education.

17. DO I HAVE TO INCLUDE COST SHARE/MATCHING IN MY APPLICATION?

NIDRR has cost share/matching requirements on two of its programs, the Disability Rehabilitation Research Projects (133A) and the Field Initiated program (133G) in accordance with statutory (29 USC 762), regulatory (34 CFR Section 350.52), and administrative requirements. This information should be reflected on the SF 424 #18. (B), the ED 524 form - Section B (Budget Summary Non-Federal Funds), and in the budget narrative for each year. A minimum amount of up to 1% of the total yearly budget amount is required; however, you may include more than 1%. If the cost share amount is changed for a competition, it will be announced in the Notice Inviting Applications. For more information, see EDGAR 74.23 and 84.24. If the cost share is voluntary, the amount and explanation should also be in the SF 424, ED 524, and the budget justification.

18. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?

If you are planning research involving human subjects at any time during the project period, you check "Yes" in the Human Subjects section of the ED supplement to the SF 424 form. If you checked "Yes," you need to indicate whether the research is exempt or not exempt from the protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department's human subjects staff review the applicant's response against the application itself to determine its accuracy. They contact you for additional information or clarification, if needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

19. SHOULD I SUBMIT MY APPLICATION VIA e-Application?

The Federal Government is moving towards mandatory electronic submission for its grant applications. The Notice Inviting Applications (NIA) provides information on how to submit via e-Application and the application package includes helpful tips. The NIA will also identify if paper submission is allowed. If you do submit by

paper, include a disk copy of your application. **We strongly suggest:** (1) Read the e-Application instructions carefully; (2) Check with your organization or institution if they are already registered in e-Application; if not, **do not wait** to set up your account because it can take five or more days to register; (3) Review the heading sections before sending the application to ensure that all information has been uploaded correctly and completely; and (4) Submit early; electronic applications must be uploaded on e-Application by 4:30:00 pm, Washington, D.C. time on the closing date. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. Applications received/logged in after 4:30:00 pm (Washington, DC time) will not be reviewed.

You **must** submit your application electronically through the e-Application system. **<http://e-grants.ed.gov>** See Section B, Notice Inviting Applications and Section J, Application Transmittal Instructions. There is a demo on the e-Application website.

NOTE: You will be uploading sections of your application by heading. There is a heading for: (1) abstract; (2) table of contents; (3) project narrative; (4) other – resumes; (5) other – letters of commitment/support; (6) other and (7) budget narrative/justification. There is a file-size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

POINTS TO REMEMBER IN APPLICATION PREPARATION

RELEVANT TO PROGRAM

1. **CFDA Number:** In the title block on the SF 424 form, please note the appropriate CFDA 84.133A. For electronic submissions, you must download the correct application package from e-Application and submit your application electronically. <http://e-grants.ed.gov>.
2. **ED-GRANTS- XXXX (Priority Title).** Required field on the SF 424 form for e-Application. Or use the CFDA Number
3. **Indirect Cost:** There is no restricted indirect cost rate for the **133A** program. You should use your federal negotiated indirect cost rate – see #7 FAQs. Indirect cost office: <http://www.ed.gov/about/offices/list/ocfo/fipao/icgindex.html>.
4. **Application Narrative** - Organize your narrative in accordance with the selection criteria in Section F of this package. Address all criteria. Include a table of contents in your application in order to highlight where the application narrative can be found in the application. If applying through e-Application use the Project Narrative area to attach your narrative. We recommend that you limit the application narrative to the equivalent of no more than 75 pages, using the following standards: A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Double-space (no more than three lines per vertical inch) all text in the application narrative. Single space may be used for Titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs. Use a font that is either 12-point or larger or no smaller than 10-pitch (characters per inch).

CLOSING DATE/TRANSMITTAL OF APPLICATION

5. Applications must be postmarked by the closing date of **August 23, 2010, if submitting in paper – must have a waiver**. Follow the transmittal instructions for submitting in paper or electronically found in Section J. Please include an electronic copy (disk) with your application.
6. **You must submit your application electronically via e-Application.** Your application must be uploaded on e-Application by 4:30 pm, Washington DC time on the closing date. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. For additional information on electronic submission procedures, see the section J. A copy of your application should not be emailed directly to the Department.

FORMS

7. **Only the primary institution fills out the required forms.** Any partner or collaborating groups will be a subcontractor to the primary. The only paperwork the subcontractor should complete is that required by the primary institution. You should include a letter of intent in the application from any collaborating group saying that if awarded what goals/duties they will be responsible for and the dollar amount associated with their involvement.

APPLICATION FOR FEDERAL ASSISTANCE SF 424

8. **Leave these blocks blank or enter N/A:** **Block 4**-Applicant Identifier, **block 5**-Applicant Identifier, **block 5a**- Federal Entity, **block 5b**- Federal Award Identifier, **block 6**-Date Received by State, and **block 7**,-State Application Number.
9. **Legal Name: Block 8a** is for the name of institution or entity that will be responsible for this grant if funded. Applying electronically this will match with information in the registration.
10. **DUNS number:** It is important to verify with your fiscal office the DUNS number, which goes in **block 8c** on the ED 424 form. If you do not have one, call 1-800-333-0505 to set one up. This number is required. Applying via electronically you must enter the DUNS number for your organization used when registering.
11. **CFDA Number:** In **block 11**, please note the appropriate CFDA and title you are applying for.
12. **Funding Opportunity Number/Priority Title.** In **block 12** this is a required field when using e-Application. Or use the CFDA Number.
13. **Descriptive Title of Applicant's Project.** In **block 15**, this is the title given by the applicant. If applying to a specific priority topic – the title should be as close as possible.
14. **Block #18a:** The total amount of Federal funds requested includes both direct and indirect costs for the first year only. The totals on the ED 524 form must include direct and indirect costs and no year can be over the maximum amount. (Note: 84.133F applicants do not submit the ED 524 form)
15. **Block #18b:** The amount of cost share/matching that the applicant is providing. This amount should be on the “B” side of the ED 524 form and described in the budget narrative.
16. **Block #18f:** The amount of program income that is estimated to be generated by this application if funded. It should be described in the budget narrative and does not

go on the ED 524 form. An example of program income would be registration fees for a conference. These will be used to off-set part of the cost of the conference.

17. **EO 12372:** Mark Block #19, the EO 12372 as no and not covered. This program is not covered.

ED SUPPLEMENTAL FORM

18. **Project Director: Block #1**, Project director information. The Project Director is the primary person responsible for meeting the goals and objectives of the grant.

19. **Novice applicant: Block #2.** Please mark N/A. This does not apply to NIDRR programs.

20. **Human Subjects: Block #3.** You must include a separate 7-point narrative for each site where the research is being conducted. If you check “no”, please include a paragraph of why it is not required. IRB approval is not required at the time of award, but must be in place before research begins. The area to upload this information is available through this form.

ED 524

21. **Budget Information: BE SURE TO CHECK THE MATH** - the application will not be reviewed if the request for funds on block 18a of the SF 424 form, the ED 524 form or the budget justification goes over the maximum amount for any year (total of direct and indirect costs). A detailed budget narrative is needed for each year of grant years requested. Include in the narrative/justification contract information and all mandatory and voluntary cost share from side B of the ED 524. (Note: 84.133F applicants do not submit a ED 524 form)

22. **Costs associated with students**, i.e. Post Docs that are excluded from the direct cost lines are not subject to the indirect costs if placed on Tuition/Stipend/Fee line. If the student costs (salary, fringe, tuition and fees, supplies, training and conference fees, etc.) are included in the direct cost amount they are subject to the appropriate indirect rate.

E-APPLICATION AT [HTTP://E-GRANTS.ED.GOV](http://E-GRANTS.ED.GOV) INFORMATION

23. **We strongly suggest:** (1) Read the instructions carefully; (2) Don't wait until close to the due date to set up your account - It can take several days to register; (3) Review the application before sending final version to ensure that all information has been uploaded correctly and completely; and (4) Submit early.
24. **Electronic applications must be uploaded on e-Application** by 4:30:00 pm, Washington, D.C. time on the closing date. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the

error and resubmit to meet the deadline. For additional information on electronic submission procedures, see the transmittal section of the Notice Inviting Applications. The e-Application website has a demo.

25. **You will be uploading sections of your application by heading.** There is a heading for: (1) abstract; (2) table of contents; (3) project narrative; (4) other – resumes; (5) other – letters of commitment/support; (6) other and (7) budget narrative/justification.

There is a file-size limitation to each section and you may only upload one document under each heading. Therefore, in order to make sure that all of your materials are uploaded successfully, you will need to combine multiple original documents for a heading (e.g., letters, resumes) into a single document before uploading.

26. **Document Format:** You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format, if you upload a file type other than these three file types, such as Excel, or submit a password protected file, we will not review that material.
27. **UNSUBMIT:** Please note that e-Application **does** allow you to unsubmit your application if you find an error before the due date and time. You will have to select 'unsubmit' then make your changes and select the Ready to Submit button again in order to complete the process.

ABSTRACT/NARRATIVE/APPENDICES

28. **Abstract:** The ONE-PAGE abstract should be a comprehensive description of what the whole (all years) project is, not a description of the competency of the institution or project director. It is not an executive summary. It can be single or double-spaced. Applying through e-Application use the Abstract heading to upload your abstract.
29. **Number all pages** to make it easier for the reader to refer to a page number if comments are given (including the appendices).
30. **Vitae:** Remember to include pertinent information in your narrative of the qualifications of the key personnel. A more extensive 2-4 page vitae can be included in the appendices. Applying through e-Application use the Other – Resume heading to attach your vitas. Remember only one document can be uploaded per heading.
31. **Advisory Board:** We suggest that you limit your list of advisory board members in the application. You can give a description of the type/qualification of the person. Remember that an extensive listing of proposed names affects our peer reviewer selection. Applying through e-Application use the Other – Letters of Commitment/Support heading to upload your letters of commitment. Remember only one document can be uploaded per heading.

32. **Letters of Commitment/Support:** If you have identified a partner, sub-contractor or consultant you should include a letter of commitment from them stating what they'll be doing on your project. We suggest that you only include key letters of support. Remember that letters of support diminish our peer reviewer pool. Applying through e-Application use the Other – Letters of Commitment/Support heading to upload your letters of commitment. Remember only one document can be uploaded per heading.
33. **Use Of Person Loading Charts.** It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity.

MISCELLANEOUS INFORMATION AND REMINDERS

34. **Rehabilitation Act:** To find information on the Rehab Act of 1973, as amended, as well as other NIDRR policy & legislation, go to:
<http://www.ed.gov/about/offices/list/osers/nidrr/policy.html> and
<http://www.ed.gov/policy/speced/reg/narrative.html?exp=0>
35. **Help in Preparing Applications.** We are happy to provide general program information. Clearly it would not be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.
36. **Possibility Of Learning The Outcome Of Review Panels Prior To Official Notification.** Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a partner, etc. Regardless of the reason, we cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).
37. **Return of Non-Funded Applications.** We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.
38. **Successful Applications And Estimated/Projected Budget Amounts In Subsequent Years.** There is a maximum award amount specified for the

priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding the maximum amount for any single budget period of 12 months for the priorities included in this package. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

39. To see what NIDRR has funded or are currently funding on **employment**, we have an on-line program directory at www.naric.com

Once there - click on NIDRR. Under grantee resources click on search for other research projects. This will connect you to the program directory. Click on search all fields then type in **Employment or Employment Outcomes**. By clicking on a grant number you can see information on who has the grant, how to contact them and a brief description of their project. Instead of searching all fields, you can search by project type – i.e., Disability Rehabilitation Research Projects.

DUNS NUMBER INSTRUCTIONS

All applicants must have a D-U-N-S number in order to apply for federal funds.

The DUNS number used on the application must be the same number that the applicant's organization used to register with e-Application. If the numbers are not the same, e-Application will reject the application.

NOTE: Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

http://www.dnb.com/US/duns_update/index.html

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **For live help Monday-Friday 8am-6pm (EST) dial 1-888-814-1435.**

NOTE: Electronic submission via e-Application must use the D-U-N-S number your organization used when it registered in the Central Contractor Registry.

When filling out the SF 424, you must use the same DUNS number that your organization used when it registered with the Central Contractor Registry.

Complete the SF 424 first; the information provided on the SF 424 will populate fields in other application package forms.

SECTION J
E-APPLICATION SUBMISSION
PROCEDURES AND
TIPS FOR APPLICANTS

APPLICATION TRANSMITTAL
INSTRUCTIONS

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education E-APPLICATION SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

<http://e-grants.ed.gov>

To facilitate your use of e-Application, this document includes important application preparation and submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education. Please read and follow these step-by-step directions to create and submit your application.

ATTENTION

Applicants using the Department of Education's e-Application system will need to register first to access an application package. Forms in an application package are completed on line and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you have not used e-Application in the past, you may want to walk through the Demo available on the e-Application homepage. If you encounter difficulties, you may also contact the e-Grants help desk on 1-888-336-8930. The following are steps you should follow to successfully complete an application with e-Application.

Step 1 – **Determine** if your program is accepting electronic applications. The Federal Register Notice of each program will indicate whether the program is accepting e-Applications as part of the Department's e-Application program. Here is a link to the Department's Federal Register notices: <http://www.ed.gov/news/fedregister/announce/index.html>. Additional information on the Department's of Education's grant programs can be found at <http://www.ed.gov/about/offices/list/ocfo/grants/grants.html>.

Step 2 – **Register in e-Application** to access the application package. If you are a new user, you will need to register to use e-Application. From the e-Grants Portal Page <http://e-grants.ed.gov/>, click on the continue button and click the register button on the right side of the next page. Select the e-Application module and click the next button. Please provide the requested information. Your e-Grants password will be sent to the e-mail address you provide. Once you receive the e-mail, enter your username and password and click the login button.

If you already have a username and password for e-Grants, use them to login. If you have access to more than one e-Grants module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all e-Grants modules. In order to update your

registration for additional e-Grants modules, click the appropriate tab on the top of the screen and provide the requested information.

Note the following browser compatibility problems. The site is viewed best in Internet Explorer 5. We currently support IE 5, Netscape 6.2, Firefox 2.2 (along with later versions of IE, Netscape and Firefox). Please make sure that you have **Cookies** and **JavaScript** enabled in your browser.

- Step 3 - Add Application Package to your Start Page.** From your Start Page, click on the "Add" button to see the list of application packages. Click on a specific package link on the List of Application Packages to apply. The package will now appear on your Start Page. From this point forward, you will access your unique application from your Start Page (not the Packages Page).

OTHER SUBMISSION TIPS

- **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 p.m., Washington, DC time on the deadline date, the e-Application system will not accept it.
- 2) If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)
- 3) Dial-Up Internet Connections - When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1.

While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

ATTACHING FILES – ADDITIONAL TIPS

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). If using Word 2007, save your file to an earlier version of Word before uploading. Also, do not upload any password protected files to your application.
2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
3. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.
